

Dispose of biodegradable waste correctly

First place the biodegradable waste in paper and then into the biodegradable waste bin

Dispose of biodegradable waste correctly

Please only place biodegradable waste in the biodegradable bin when wrapped in newspapers, paper or baker bags.

Do not use plastic bags or compostable, biodegradable plastic bags. This disrupts the further processing of the biodegradable waste.

Food waste of an animal origin, such as meat, sausages, fish, cheese, egg shells

Vegetable and fruit waste, also nuts and citrus fruits

Pot and balcony plants, cut flowers, non-woody green waste in small quantities

Cooked food scraps, scraps of bread, coffee filters, **no** sauces/soups

Stadt Karlsruhe

Amt für Abfallwirtschaft

Ottostraße 21, 76227 Karlsruhe
